Rita and David Frantz Endowed Professorship in Nursing

The University of Iowa College of Nursing announces an exciting opportunity for a senior faculty member who has a distinguished career in research. As a major research university, we are seeking an individual to join our senior leaders in facilitating scholarship and development of the next generation of scientists in the area of improving symptom management and care delivery. The candidate will join a dynamic faculty within a collaborative research University with excellence in symptom science embodied in the College T32 on Pain and Associated Symptoms and the P20 Center for the Advancement of Multimorbidity Science.

The Rita and David Frantz Endowed Professorship in Nursing provides resources and opportunities for continued research engagement, mentorship of faculty and students, and shaping the future of health care and the profession. Established Associate Professors or Full Professors will be eligible for consideration.

The UI College of Nursing has a long-standing tradition of producing nurse leaders for practice, education and research. For more than a century, College of Nursing graduates have achieved distinguished careers as scholars, educators, practitioners, and nurse executives. The College received national recognition by U.S. News & World Report, ranking seven of its graduate programs among the best in the nation (in comparison to all public and private schools).

At Iowa, we are committed to preparing future nurse leaders with the courage, creativity, and passion to use their skills and knowledge to improve the health of individuals and communities. We invite you to join our efforts to sustain and enhance excellence in academics and scholarship at Iowa.

Iowa City is consistently voted one of the best places to live in the country. It is where small town hospitality meets big city amenities, where friendly meets adventurous. It’s a place where everyone’s welcome.

**Required Qualifications:**

- Earned doctorate in nursing or a doctorate in a related field with a graduate degree in nursing from an accredited school of nursing
- Eligible for or currently licensed to practice nursing in the state of Iowa
- Evidence of intraprofessional collaboration to advance team science
- Successful record of funding and scholarship, consistent with appointment as tenured Associate or Full Professor

Application materials include a letter describing relevant experiences and interests; current curriculum vitae; and contact information for three references (contacted only with permission).
